

Address: No. B3, Tower I, Aftab residential towers,
Nezami Street, Vali-Asr Ave, Tabriz, Iran.

TEL: +989141160888

Email: am Mahmoodpoor@yahoo.com

Ata Mahmoodpoor

Personal Information:

Nationality: Iranian

Date of Birth: 1975.9.9

Place of Birth: Tehran

Material Status: Married

Contact Information:

Academic Rank: Assistant Professor

Department: Anesthesiology. Critical Care Medicine

Address: School of medicine, Department of Anesthesiology and Critical Care Medicine

Tell: 09141160888

Tell (Hospital) : 0411 385 1117

Email: am Mahmoodpoor@yahoo.com

Educations:

2006-2008: Fellowship in Critical Care Medicine

Sina Hospital, Emam Khomeini Hospital
Tehran University of Medical Sciences

2002-2005: Specialized residency in Anesthesiology

Emam Khomeini Hospital, Shohada, Shahid Madani and Nikookary Hospital
Tabriz University of Medical Sciences

1993-2000: Doctorate degree in medicine

Tabriz University of Medical Sciences

Professional Society Membership:

2007-2009: Member of ESICM (European Society of Intensive Care Medicine)

Executive activities:

2008-present: Assistant professor of Anesthesiology and Critical Care Medicine

Director of General ICU, Shohada Hospital, Tabriz University of Medical Sciences

Coordinator of Advanced cardiac life support Training program, Shohada
Hospital, Tabriz University of Medical Sciences

Clinical activities:

Critical Care Medicine:

Surgical and Medical Intensive Care Unit

- Daily patient rounds

- Acquisition of patients history
- Physical Examination
- Drug selection and monitoring
- Discharge patients
- Counseling
- Daily educational session for Anesthesiology residents
- Providing Critical Care consultation
- Providing educational sessions for medical and nursing staff

Anesthesiology:

Nikookary Hospital, two days per week (afternoon)

- Preoperative visit of patients
- Anesthesia process
- Educational sessions for residents

Teaching Service:

2008-present: Tabriz University of Medical Sciences

Coordinator of Critical Care Medicine rotation for residents of Anesthesiology and other departments

Thesis

1-Anoushe Jannati, Effects of low dose interscalene block in addition to general anesthesia on recovery parameters from anesthesia in Shoulder Surgery, MD Degree,2009

2- Zakiye Amiraslan Zadeh.The effect of insulin therapy on morbidity and mortality of critically ill patients admitted to intensive care unit, MD degree,2009

Research Projects:

Completed

- Evaluating the effect of new remedy (IMOD) in the treatment of adult patients with severe sepsis. Registered in ANZCTR,TUMS.(Phase II) ACTRN012607000376448.

- Comparing the Enteral nutrition vs Parenteral/Enteral nutrition in patients with severe sepsis. Registered in TUMS

Ongoing:

- The effect of intensive insulin therapy on mortality and morbidity of critically ill patients admitted to intensive care units. Registered in Tabriz University of Medical Sciences
- The effect of low dose Interscalene block in addition to general anesthesia on recovery parameters from anesthesia in Shoulder Surgery. Registered in Tabriz University of Medical Sciences
- Reliability of intragastric pH probe catheter equipped with temperature sensor for minute to minute monitoring in critically ill patients. Registered in ANZCTR,TUMS.(Also designing of the catheter) ACTRN12608000197336.
- TREM(Triggering Receptor Expressing on Myeloid cells) as a marker for diagnosis of VAP (Ventilator Associated Pneumonia) and comparing it with blood culture and BAL (Broncho Alveolar Lavage) specimen. Registered in TUMS.
- PCT (Procalcitonin) and severe sepsis. Registered in TUMS.
- The effect of IMOD on mortality of patients with severe sepsis. Registered in ANZCTR.(Phase III, multicenter)

Printed Abstracts:

1- Airway management with laryngeal mask airway compared to endotracheal tube during percutaneous dilatational tracheostomy. Ata Mahmoodpoor, Kasra Karvandian. First International congress of airway management, Tehran, 2009

2- The comparison of acid and base status of arterial and venous blood of hand during anesthesia. 9th International Congress of Anesthesiology and Intensive Care. Mashhad. 2006.

3- Relationship between TOF and clinical criteria of residual relaxation in recovery. 9th International Congress of Anesthesiology and Intensive Care. Mashhad. 2006.

4- Use of venous blood gases instead of arterial blood gases for analysis of blood gas status during cardiac surgery. 9th International Congress of Anesthesiology and Intensive Care. Mashhad. 2006.

5- Comparison of effect of four premedication (aspirin, diazepam, halothane, lidocaine) in prevention of muscular pain due to succinylcholine. 7th Congress of Pain. Tabriz. 2007.

6- Comparing the effect of metformin in the treatment of patients with metabolic syndrome. 1st Congress of Metabolic Syndrome. Tabriz. 2008

7- Comparison of masseter rigidity after induction of anesthesia with thiopental- succinylcholine anesthesia vs. halothane-Succinylcholine anesthesia. 9th International Congress of Anesthesiology and Intensive Care. Mashhad. 2006.

8- Comparison between percutaneous Dilatational Tracheostomy style and surgical style, in 100 cases in Imam khomeini hospital. 10th international congress of Anesthesiology, Tabriz, Iran, 2008.

Presentations:

2008-Disrhythmia, Diagnosis and treatmentmia. Continued Education program for general physicians.

2008-Surgically related perioperative mortality. Continued Education program for Anesthesiologists.

2009-Inflammation, Coagulation and fibrinolysis following septic shock disaster, we are running out of therapeutic actions.13 rd Aban building, Tehran University of Medical Sciences.

2008-Critically ill case presentation. 13 rd Aban building, Tehran University of Medical Sciences.

Practical Experiences:

- Working as director of General ICU in Shohada hospital (Tabriz University of Medical Sciences)
- Working as fellow of critical care medicine in Tehran University of Medical Sciences Hospitals for 20 months (2006-2008)
- Working as anesthesiologist in operative room and intensive care unit for 1 year (2005-2006)
- Working as resident of anesthesiology in operative room and intensive care unit of Tabriz University of Medical Sciences Hospitals for 3 years (2002-2005)
- Working as general physician for 2 years (2000-2002)
- Education of anesthesiology residents in Sina Hospital (Tehran University of Medical Sciences)
- Education of Ph.D residents of clinical pharmacy (Tehran University of Medical Sciences)
- Cooperation with Tehran University of Medical Sciences liver transplantation group (intraoperative and postoperative intensive care)
- Establishment of monthly sessions of critical care medicine entitled " New horizons in critical care medicine (fellowship forum)" in Tehran University of Medical Scienc
- Member of the resuscitation group at 90 decade (Ehyanet)
(Joint Commission of Life Support)
- Getting certification of Respironics international ventilation course.(Dubai,2007)

- Member of scientific committee of 10 th international Anesthesiology congress, Tabriz, Iran , 2008
- Member of scientific committee of 1st international Airway management congress, Tehran, Iran , 2009
- Reviewer of Pakistan Journal of Medical Sciences.
- Reviewer of Saudi Medical Journal.
- Reviewer of Cardiovascular and thoracic research journal.
